Initial Application The first step in becoming a member of the Grayson County Sheriff's Office is completing the initial application.

Personal History Statement Applicants initial application is reviewed to confirm if they meet the minimum requirements and have no disqualifying factors. If so, the applicant is notified to pick up the PHS and will have 14 days to complete it.

Physical Readiness Test (PRT). All licensed members of the Grayson County Sheriff's Office who have the authority to arrest or handle incarcerated persons (**dispatchers and other non-sworn civilian employees not included**) must pass the PRT bi-annually. Affected members must meet a minimum of 50% score for their age and gender. The member may choose any one of the rowing options to complete their PRT:

2000 Meter Row – Damper 5

4 Minute Row Test – Damper 5

500 Meter Row – Damper 5

Candidates must bring appropriate athletic training clothes (no tank tops), running shoes, small towel, snacks, and drinking water in a small bag to testing. Before traveling to Grayson County, ensure you are able to pass the PRT. You may use the following link to find your minimum standard at the 50th percentile but you should train for a higher percentage to be competitive. We expect 100% effort! Finish with your absolute best time.

Position Selection Committee. Applicants appear in front of a five member board in formal business attire (suit & tie). Applicants are asked scenario based questions and are graded on their appearance, communication skills, judgment, and logical reasoning.

Background Investigation. Applicants who pass all the previous steps proceed to the background investigation if they submit a complete, detail, and accurate Personal History Statement. A detective conducts an extensive background investigation to include, but not limited to, contacting all prior/present employers, references, co-workers, ex-spouses, family members, and schools. Also, the applicant's residential history, financial responsibility, military records and driving history are investigated. The background investigation can take from two to four months to complete. Most of the delay is caused by the lack of reference response. Once the background investigation is completed, the applicant's file is routed through the chain of command for review and approval.

Interview with Chief Deputy: If the applicant is approved for hire, they will be tendered a conditional offer of employment.

Once the applicant accepts the conditional offer of employment, they must return to complete the below tests:

Psychological Examination: Applicants complete a psychological written test and are interviewed by a psychologist. Applicants previously licensed by TCOLE with less than 180 day break in full-time service are not required by TCOLE to take another psychological exam.

Medical Examination: The applicant's physical and medical conditions are evaluated to ensure that they can function safely as a GCSO Deputy or Detention Officer.

Drug Screening: Applicants provide samples and these are analyzed to detect the use of illegal drugs.
